

For All Healthcare Personnel

# Advance Life Support (ALS)

10-11 OCTOBER 2025  
9.00 AM - 6.00 PM

**Dr Sakhtiswaran Rajasekaran**

CONSULTANT EMERGENCY MEDICINE  
UCSI HOSPITAL

Designed for medical professionals, this course covers advanced resuscitation protocols, including airway management, rhythm recognition, defibrillation, drug administration and team dynamics during code situations. It combines theory with intensive hands-on simulations and aligns with current international resuscitation standards to ensure clinical excellence.

## Itinerary

### DAY 1

7:30 - 8:00am:	Registration
8:00 - 8:30am:	Course Overview
8:30 - 9:00am:	Lecture - Airway Management
9:00 - 9:30am:	Lecture - Drugs in ALS
9:30 - 10:30am:	Lecture - ALS Algorithms
10:30 - 11:00am:	Tea Break
11:00 - 11:30am:	Lecture - Integrating ALS Protocols
11:30am - 12:00pm:	Lecture - Post-Cardiac Arrest Care
12:00 - 12:30pm:	Lecture - Ethical Considerations in Resuscitation
12:30 - 1:00pm:	Lecture - Resuscitation during the COVID-19 Pandemic
1:00 - 2:00pm:	Lunch
2:00 - 3:30pm:	Theory Exam (MCQ/ECG)

### DAY 2

8:00am - 12:00 pm:	Practical Training - Airway & Megacode
12:00 - 1:00pm:	Lunch
1:00 - 4:30pm:	Exam - Airway & Megacode

**2-DAY  
Course**

For all Healthcare  
Professionals

**COURSE HIGHLIGHTS** **RM800**

### Mastery of ALS protocols

- Safe and effective use of AED
- Airway management and rescue breathing
- Team-based resuscitation drills
- Rapid assessment and response to cardiac arrest

### REGISTRATION:

Scan QR Code to register and  
RSVP by **10.10.2025**.

Payment should be made to HONG LEONG BANK (*Account name: UCSI Hospital SDN BHD, Account number: 05501003501, Reference: ALS2025*)
